Smart Employee Eyecare

Smart Employee Eyecare (SEE) are dedicated to providing quality, affordable and easy to manage occupational eyecare services. We have the industry knowledge and experience to provide you with a tailored eyecare programme that best suits your company and employee needs.

From glasses for computer or safety use, to eyewear for employees who drive at work; SEE provides smart, proactive optical care for your workforce. No matter your company size or industry sector, SEE can cater for your required eyecare needs.

At the core of SEE is our voucher system, accessed through our online portal, from where you can easily manage your eyecare needs. SEE will also provide your staff access to a network of over 3,000 Opticians across the UK and Ireland.
